

## Tosin Adekanye

<b>Academic/Professional qualifications</b>	MBA – Business Analytics BA in Psychology
<b>Brief professional/work experience (200 words or less)</b>	<p>Over my professional career, I have helped grow businesses by ensuring strategic data-backed planning. I have been involved in collecting, analysing, and presenting data to build persuasive investment cases. Moreover, I have been instrumental in providing much-needed insights to management to enable them to make the best business decisions.</p> <p>The value of good data cannot be overexaggerated, as good data is what gives companies a competitive edge. I leverage my understanding of people, data, and business functions to propel organization towards advancement.</p> <p>As a citizen of Nigeria, and long-term resident of Qatar, I strongly believe in a mutually beneficial trade relationship between both countries, and I will spare no effort in ensuring the success of this council.</p>
<b>Business focus (business you are engage/interested in)</b>	Data Analytics and Business Strategy
